# Mayank Patel

Making lives easier with each keystroke | Engineering Lead @Qube
Chennai

## Summary

I love finding good software engineering problems and solving them.

I enjoy mentoring and shaping young brilliant minds.

Although my core strength lies in designing and building scalable
back-end software, I actively work with UI and UX developers to
build a wholesome product for end-users.

Do you have a complex software engineering problem or product
to build? I would love to hear about it and helpout to the best of my
ability.

---

## Experience

### Qube Cinema
5 years 1 month

**Engineering Lead**
July 2018 - Present (2 years 3 months)
Chennai Area, India
